DISCLAIMER: J. Tribble sink bases are fitted with wood/ MDF tops. These tops are constructed and assembled and finished with the best materials possible for fine furniture known to withstand water and moisture. Since J. Tribble cannot control the conditions or circumstances surrounding their use, it is highly recommended that the customer install a stone or hard surface top. We do not guarantee the top finish on our sink bases. Overspray from certain cleaners, acetone products, and various other products sitting on the top WILL affect the finish. Water will not penetrate except at incorrectly sealed openings or penetrations in the finish. All of our tops are removable in the event a top becomes damaged and must be replaced.

SINK BASE WOOD TOPS: All wood/MDF tops are made for easily removal. All woods used for our sink base cabinets, especially sink base tops, are sealed to resist water. Cut appropriate openings for sinks using only the templates provided by the manufacturers. All cuts should be sufficiently sealed with a water sealant such as polyurethane. When installing faucets, always use rubber gasket provided by the faucet manufacturer and seal with caulking. Harsh chemicals can destroy the finish of the wooden top. Do not use chemicals such as nail polish remover near the cabinet. Clean the surface with a damp cloth and an occasional application of paste wax.

The entire range or color, texture and pattern of woods used cannot be represented in one sample or a series of samples. Varying light conditions will also affect the appearance of the finished product.

DAMAGE IN TRANSIT: All product is inspected through a quality-control system before shipping. The delivering carrier is responsible for damages (visible or concealed) that occur during transit or at the time of delivery. It is the receiver/consignee who must mark exceptions on the delivery receipt. These exceptions include, but are not limited to, all holes, dents or broken cartons/crates. Written notice of loss due to damage visible or concealed or shortage must be reported to J. Tribble within 48 hours of receiving the shipment. You must keep all packing material and the affected carton/crate for inspection by the delivery carrier. Written notice of loss due to non-delivery must be reported to J. Tribble within 28 days after acceptance of the shipment for carriage. You agree to work with the insurance company when repairs are required. If there is damage you agree to have the item repaired. J. Tribble is not responsible for replacing an item that is repairable.

CLAIMS: Any claims for repair or replacement of defective product must be made in writing to J. Tribble. You must receive written authorization from J. Tribble before returning an item to us. J. Tribble cannot be held responsible for any damages caused by non-delivery due to an act of God, fire, accident, hostility, blockades, embargoes or any other cause beyond J. Tribble's control.
